Awesome. Thank you Brooks.

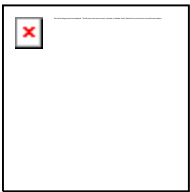

Jeff I will be onsite around 10:30, for my 1st meeting with Doug Byrd, then I'll head toward EPA trailer.

Thank you both,

Peter

PS. So happy to start the 30 day comment period.

Peter-

Good to hear from you. We are aware that the settlement agreement *finally* got published in the Federal Register, so that is nice to see signs of progress there.

I will be off-site this week, however Jeff Fowlow, who I've been working with since Day 1 of this project, will be there overseeing operations. We have a fair number of things going on that it would be good to orient you to before you safely check out different parts of the site. If you check-in at the EPA job trailer upon your arrival, Jeff can point out what is going on and where. He can also answer any questions you have regarding next steps.

Jeff's cell is 206-225-5582

Brooks, I will be onsite at Mead site Tuesday (tomorrow) would you be available to meet for a couple minutes to discuss EPA next steps at property.
Please let me know.
Peter
